

BRITISH ARE HARD PRESSED

Boers Shelling Glencoe With Their Heavy Guns.

ENGLISH TROOPS ARE COMPELLED TO MOVE OUT.

Spirited Battle Under Way in South Africa—Burghers Pushing the Red Coats Hard All Along the Line—Vryburg Captured by the Republican Forces, Who Boast That They Will Celebrate British Defeat Before the End of October.

London, Oct. 20.—[Special Telegram to The Gazette]—The war office has received two telegrams from Ladysmith, reporting fighting at Glencoe. The first dispatch, dated 8 o'clock this morning, says:

"Gen. Symons at Glencoe wires that the Boers are shelling the camp with big guns, our troops are moving out."

The second telegram, dated 8:25, says:

"The Boers attacked Glencoe camp at daybreak. Fighting, continuous. Estimated Boer strength, 9,000 men."

Another report from an unofficial source says:

"A spirited battle has been fought at Glencoe. The Boer artillery was stationed on a hill and got the range of the British camp, doing considerable damage. The King's rifles and the Dublin fusiliers were ordered to charge the enemy's position, which they did under cover of the British guns, 2,000 yards distant. The Dublin fusiliers silenced the Boer Battery, the British going clean over the hill. Five of the Boer guns were taken. The fighting was heavy."

Later reports of the Glencoe fighting says: "General Symons, commanding the British troops there, has been wounded. The Boers are returning after their repulse, and the British are hard pressed. The British scouts report a column of 9,000 Boers advancing from Huttonspruit. The Thirtieth field battery, and the Leicestershire regiment has been sent to meet them."

Boers Fire on Dundee
London, Oct. 20.—[Special Cablegram to The Gazette]—The Boers have opened an artillery fire on Dundee, across the railroad from Glencoe. It is reported that the Boers have been effectually repulsed at Glencoe. Skirmish fighting continues about Beaters station. Few of the British are wounded.

A big boom in Kafir shares has followed the report of the British successes at Glencoe.

Reports from Kimberley under date of Oct. 17 say that the armored trains are making continual reconnaissances. They found the Boers in considerable numbers with artillery raiding and looting in all directions. Disloyal Dutchmen in the neighborhood are sending their families into Kimberley.

The refugees report that the Boers are making big boasts that they will hold fancy dress balls in Durban and Cape Town on Oct. 31, when they will masquerade in British uniforms. They say they will make all the Englishmen drawers of water and all Englishwomen washerwomen.

The Transvaal government has issued a proclamation threatening heavy penalties to any one damaging property in the Rand. A strong police force, mainly composed of Frenchmen and Germans, is patrolling Johannesburg.

A train was captured by the Boers on the line between Ladysmith and Glencoe, carrying a number of British officers and men and several civilians. The raid occurred Thursday at noon at Elandsbaag station, eighteen miles from Ladysmith and twenty-five from Glencoe.

BOERS HAVE TAKEN VRYBURG
Report That the Dutch Lost 1,500 Men at Battle of Mafeking

London, Oct. 20.—The Cape Town correspondent of The Mail, telegraphing at 10 o'clock Thursday night, says: "Vryburg surrendered Sunday. Tonight's dispatches from Kuruman, ninety miles west by south of Vryburg, state that the police having withdrawn from Vryburg, the town surrendered to the Boers, the inhabitants fleeing in all directions, mostly toward Kuruman."

"When the police withdrew the Cape Boers notified the fact to the enemy, thus inviting them to take possession."

"There was a fearful panic. The British are wildly indignant at this scuttling."

Boers Loss Reported Heavy.

A dispatch to the Daily News from Cape Town states that the defenders of Mafeking, after repulsing an attack, pursued the enemy. The British then feigned a retreat, whereupon the enemy rallied and pursued them. The Boers were thus led over mines charged with dynamite, which were exploded, killing and wounding 1,500 of the enemy.

The Daily Mail's Cape Town correspondent says that a refugee from the

Rand, who has arrived at Grahamstown, Natal, reports that a train arrived at Johannesburg on October 11, from Kierksdorp, some fifty miles southeast of Mafeking, with 300 wounded Boers. Fear a Zulu Uprising.

If the projected uprising of the Zulus takes place, it will add a disagreeable feature to the Transvaal situation. Both the English and the Boers are anxious to confine the warfare to the whites, but neither may be able to keep the blacks quiet.

Zululand contains a population of 178,000, of which only 1,000 are whites, mainly officials, missionaries, and traders.

Boers Are Boasting.

London, Oct. 20.—The Cape Town correspondent of the Daily Mail says:

"The Boers are boasting that they will hold fancy dress balls and masquerade in British uniforms at Cape Town and Durban at the end of October."

"Another £25,000 of Transvaal gold has been seized aboard the steamer Avondale Castle and Delagoa bay."

Expect Battle Soon.

Ladysmith, British Colony of Natal, Oct. 20.—Plainly battle is expected soon. The newspaper correspondents were not permitted to pass the pickets in the neighborhood of the town, so it is impossible to give particulars about the movement of the troops here, although they are manifesting great activity. It is certain that the Boers of the Orange Free State have taken the initiative in the attack. It is reported that 2,000 Orange Boers, with some artillery, are within seven miles of here.

British Rule Is Preferred.

Berlin, Oct. 20.—The Cologne Gazette concludes an editorial on the Transvaal war by saying that improved conditions in the South African republic can only be made sure when Great Britain takes over the administration of affairs. Local German interests, the Gazette says, will welcome this.

Plan Raid Through Natal.

Durban, Oct. 19.—(Delayed in transmission.)—According to information obtained from an authoritative Boer source, it is intended that 3,000 Boers shall enter Natal by way of Isandhlwana, in the direction of the Umvoti country.

Glencoe Is Cut Off.

Ladysmith, Natal, Oct. 20.—Glencoe is cut off and the Boers are now between Ladysmith and that place. The British troops at Glencoe and Dundee, numbering about 4,000, are isolated and trapped by Gen. Joubert's forces.

German Protectorate Not Asked.

London, Oct. 20.—The Times' Berlin correspondent says that the statement that the two South African republics were about to offer a protectorate to Germany, prior to the war, is emphatically denied.

DEFENDS THE POLICY OF BRITAIN.

Secretary Chamberlain Definitely States the Position.

London, Oct. 20.—Floor and galleries were densely crowded Thursday in the house of commons in anticipation of a speech by the secretary of state for the colonies, Mr. Joseph Chamberlain, on the government's policy in South Africa.

Of the principles involved in the war the colonial secretary said: "It is our duty to maintain our existence as a great power in South Africa we are bound to show that we are willing and able to protect British subjects wherever they have suffered injustice and oppression. Great Britain must remain the paramount power in South Africa. I do not mean paramount in the German and Portuguese possessions, but in the two republics and the British colonies. Every one on both sides of the house is determined to maintain these great principles. The peace of South Africa depends upon Great Britain's accepting responsibility in the Transvaal."

Justifying his conduct of affairs, Mr. Chamberlain denied that the question of suzerainty had needlessly irritated the Transvaal government or seriously affected the negotiations. As for the franchise for the outlanders, he declared that the government had never shifted its ground, and that every point advanced at the Bloemfontein conference by Sir Alfred Milner had remained on the paper until the ultimatum.

He concluded: "In its endeavor to maintain peace the government has shown endless patience. It was President Kruger who settled the issue. He appealed to the God of battles. If I may do so with reverence, I say we accept that appeal, believing our quarrel just."

A division was then taken upon the amendment to the queen's address disapproving the conduct of the negotiations with the Transvaal, and the amendment was rejected by a vote of 361 to 135.

BLODGETT CORNERS BUCKWHEAT MARKET

LOCAL FIRM SURPRISE THE EASTERN MILLERS.

Buyers in New York Have Been Quietly at Work of Late For the Janesville Firm—Mill Here Running Day and Night—Will Be Enlarged Next Year.

Buckwheat is a scarce article in the United States just at present and prices have gone upward. This is all due to the fact that the Blodgett Milling company of this city, now has a corner on the market. Just how long this state of affairs will last remains to be seen.

During the past few weeks the local firm has been purchasing every car of buckwheat that was offered on the market. This buckwheat was bought subject to inspection in Chicago prior to its shipment to this city.

As the result of these heavy purchases the eastern millers now find that they are without sufficient wheat to keep their mills running.

Wisconsin buyers have also been active of late in purchasing for the Blodgett company. As the result of this corner on the market the local firm now have more business than they are able to handle and every mail brings heavy orders from all portions of the United States.

DEMOCRATS ARE RESPONSIBLE

Senator Hanna Charges Them With the Philippine War

Cleveland, O., Oct. 20.—Senator M. A. Hanna, at the meeting of the first district republican club last night, said: "I charge the democratic party with being responsible for the condition existing at the present time in the Philippines. The democrats and Agoncillo, the emissary of Aguinaldo at Washington, were in correspondence at the time the treaty with Spain was in consideration in the senate."

"I was at the White House at the time the president was notified of the action taken on the treaty. One hour before word was brought to the president, Agoncillo had been notified of the ratification. Before the president of the country knew of the ratification Agoncillo was already on his way to New York to flash the word across the sea to his chief in the Philippines and determine him in his future conduct."

"By whom was that word given to the Philippine emissary? Democrats in the senate informed him, and I say that the action of the democratic party has been responsible for the trouble in these islands."

STRIKES THE TRADE POOLS

Sweeping Anti-Trust Decision By Illinois Supreme Court.

Chicago, October 20.—Trusts and combinations formed for the purpose of controlling prices, regulating outputs of commodities and stifling competition received a body blow at the hands of the Illinois Supreme court yesterday. In an opinion written by Justice Magruder and concurred in unanimously it is held that the \$40,000,000 Glucose Sugar Refining company, commonly known as the Glucose Sugar trust, is in fact a trust within a meaning of the statute passed June, 1893, defining trusts and prohibiting them.

In arriving at this conclusion the court follows the reasoning it laid down in the celebrated case which proved the ruin of the whisky trust, and plain terms are used in denouncing the purposes had in view by the organizers of the company.

MAYOR ROSE HAS ASPIRATIONS

Milwaukee's Chief Executive Has a Bee Buzzing in His Bonnet

Milwaukee, Wis., Oct. 20.—Mayor David S. Rose of Milwaukee may be the democratic nominee for vice president next year. His friends are planning to this end, and they hope to make him so prominent in national politics by 1900 that the democratic convention will be glad to name him as Bryan's running mate. The location of the democratic convention next year and the vote of the German-American citizens are the principal cards Mr. Rose's friends will play in this game of politics.

Just now Mayor Rose is trying to secure the democratic national convention for Milwaukee. Should he succeed, this would add to his popularity in the Cream City. The chances seem in favor of Milwaukee getting the convention. Mr. Rose is an ardent anti-expansionist. The democrats claim that the Germans are opposed to expansion—which the democrats and Agoncilloites call "imperialism." Mr. Rose is playing to get the support of this element. Should he get the democratic national convention for his city, Mayor Rose will be a candidate for re-election next spring.

He will make the race on his having brought the national convention to Milwaukee and on his anti-expansionist sentiments. By this he hopes to win the votes of the anti-expansion Germans. His idea is that he can be re-elected by an increased majority. Should McLean be badly beaten in Ohio this fall, as the democrats are almost ready to concede, Rose's friends would push him to the front for the vice presidential nomination on the ground that he would carry to the ticket the votes of the anti-expansion Germans in Wisconsin, Michigan, Iowa and Indiana.

WELCOME BY THE MAYOR

Annual State Christian Endeavor Convention.

OVER 500 EARNEST WORKERS IN ATTENDANCE.

Opening of Business Sessions at Congregational Church.

VIGOROUS OPENING ADDRESS BY PRES. BARBER.

Responses to the Mayor's Welcome, Revs. Pence, Matheson and Uppike

—Appointments of Regular Standing Committees—Junior Conference at Baptist Church—Reports of Secretary and Treasurer—Interesting Papers Read and Followed by a General Discussion—Denominational Rallies—Visitors are Much Pleased With Their Reception and Accommodations in This City—Enthusiasm of the Delegates in Their Work—Convention Notes—Program of the Session.

When F. R. Barber of Warrens, president of the state Young People's society of Christian Endeavor, called the state convention to order this morning in the Congregational church, there were present ninety-eight visiting delegates.

On the platform were seated President Barber, Dr. E. G. Uppike, Madison; Mayor V. P. Richardson, A. E. Matheson, Rev. E. H. Pence and other notables.

The regularly elected delegates from various portions of the state are very nearly all present, and exhibit an enthusiasm and activity in their work that is refreshing. They were up at an early hour this morning and swarmed about the church, intent on various religious and committee duties.

The session is expected to be an important one for the Endeavor Society in this state. Besides the business before them the delegates and visitors expect to realize vast religious comfort and strength during the session.

The members of local Protestant churches are taking an active interest in the convention and are using every energy to make it a decided success. The attendance last night and today crowded the big church auditorium from the pulpit rails to the vestibule.

The delegates and visitors were mostly young people with happy faces and lively interest in the proceedings, augurs well for the future of this movement in this state.

The "Quiet Hour" was conducted by Rev. Henry S. Robler of Kenosha, then followed a praise service. After this President Barber introduced Mayor Richardson, who welcomed the delegates to Janesville as follows:

Address by Mayor Richardson:
Mr. Chairman, Ladies and Gentlemen: I have had considerable experience during the past summer in welcoming to Janesville, conventions and organizations of various kinds. We have had dentists and druggists and bicycle meets and hotel men and laboring men, societies and picnics of many kinds and now to close the season, as it were, with a Christian Endeavor society is a good deal like taking grace after meat. On many of these occasions I have had the pleasure and honor of speaking from this same platform with our friend Mr. Pence, and sometimes I have wondered, if we were there to represent the two extremes, I can assure you it was not a flattering thought for me to dwell upon.

We, who are citizens of Janesville are glad to have your society meet here for knowing as we do the good influence that emanates from it we feel that it should have an effect on our civic life and while moving us as men and women towards a higher standard of life it will also move us as citizens towards a higher standard of citizenship. While we are not apt to see a very close connection between religion and politics, it is true that some of the broadest principles on which religion is founded are also at the base of good politics.

One of these is the old commandment to treat your neighbor as yourself, to do unto others as you would have them do unto you. This is at the foundation of good government, as it is at the foundation of a broad religion. And if this principle was always adhered to, there would be no such thing as bad government, either in our local or national affairs. All of the trouble comes from the constant effort on the part of some of us to treat ourselves a little better than we do our neighbors, and the man

BIRTHDAY PARTY AT AFTON.

Anniversary Celebration Held by Mrs. C. G. Antisdal Last Evening.

Mrs. C. G. Antisdal had a birthday on Thursday of last week and the anniversary was made the occasion of a very pleasant family gathering at her home in the evening. The affair was planned and perpetrated as a surprise on both Mr. and Mrs. Antisdal and was entirely successful. Grandchildren to the number of seventeen were present, among the number being Miss May Antisdal, of Postoria, Iowa, only daughter of Mr. and Mrs. A. W. Antisdal. Those who participated in the surprise are Mr. and Mrs. Charles H. Antisdal, Mr. and Mrs. William J. Miller, Mr. and Mrs. George C. Antisdal, Misses May, Grace, Fay, Olive, Carrie, Laura, Belle, Hattie, Bertha and Pearl Antisdal, and Masters Frank, Floyd and Harry Miller and Roy Jay, Ernie and Charles Antisdal. The weather man seemed to frown on the efforts of the Ladies Aid Society to hold its "lemon social" booked for Friday evening of last week. Rain prevented the holding of it that evening and it was held last Monday evening although the rain which prevailed in the afternoon made its success a matter of conjecture. There was a goodly turnout however and a pleasant evening was spent. The following program was presented after sandwiches, cake and lemonade had been served. Organ solo, Miss May Antisdal; recitation, Ray Todd; vocal duet, Misses Cora Osgood and Hyla Eldredge; recitation, Myrtle Osgood; fan exercise by thirteen boys and girls; song, Miss May Antisdal. The latter had to respond to a well merited encore, which she did by rendering an instrumental selection. The proceeds of the social were presented to the wife of Pastor Todd. An Afton delegation attended the "Old Maid's convention" given by the Royal Neighbors of Shoptown, at the Congregational church in that place last Wednesday evening. Those present from here were Mr. and Mrs. J. B. Humphrey and family; Mr. and Mrs. W. J. Miller, Miss Mao Antisdal, Mr. and Mrs. William Brinkman, Mr. and Mrs. J. F. Bolte, Mr. and Mrs. A. W. From the barn he walked a mile south to where his eldest son was at work, and at close range fired, killing the boy instantly. Then reloading his weapon he killed himself.

LATE NEWS BY TELEGRAPH.

PLANS OF ANTI-IMPERIALISTS

Decide to Make Their Fight in Congressional Districts.

CAMPAIGN WILL BE VIGOROUS.

George S. Boutwell of Massachusetts Made President of the National Organization—Republicans and Gold Democrats on the Committee.

Chicago, Oct. 20.—The anti-imperialists will carry their war on President McKinley's policy of expansion into the congressional districts. A permanent national organization under title of the American Anti-Imperialist League has been effected by the Schurz committee and plans adopted for a vigorous and immediate campaign of agitation, with the hope of influencing the action of congress at the coming session by arousing the constituents of the congressmen, as well as to prepare for a great conference of all the "anti" hosts early in the spring, before the meeting of the national conventions. The sponsors for the league deny any intention to nominate a presidential ticket, unless both the great political parties refuse to incorporate an anti-expansion plank in their platforms, but the leaders are prepared to launch a new national party if necessary to get the issue effectively before the people.

George S. Boutwell, former governor of Massachusetts, was named president of the national organization by the Schurz committee. Seven vice-presidents were chosen—ex-Senator George F. Edmunds of Vermont, J. Sterling Morton of Nebraska, Carl Schurz of New York, Richard T. Crane of Chicago, Senator Donaldson Caffery of Louisiana, Judge Rufus B. Smith of Cincinnati and John J. Valentine, president of the Wells-Fargo company, of San Francisco. Frederick W. Goodkin and William J. Mize, both of Chicago, were elected treasurer and secretary of the league, respectively. Six of the national officers are republicans and four were gold democrats in the last campaign. The national headquarters will remain in Chicago, with an eastern office in Boston.

Besides choosing national officers, the Schurz committee named an executive committee of ten, with Edwin Burritt Smith as chairman. Frank H. Scott, E. A. Bancroft and Sigmund Zeisler are the other Chicago members, the remaining six being Winslow Warren of Boston, Congressman William H. Fleming of Georgia, George C. Mercer of Philadelphia, C. B. Wilby of Cincinnati, Louis H. Ehrlich of Colorado Springs and W. D. McHugh of Omaha. Six members of the executive committee were gold democrats in 1896, the remaining four republicans.

The executive committee, immediately after the dissolution of the Schurz committee, went into business session, and decided that the quickest and most effective means of striking at imperialism was through individual members of congress. The petition to congress adopted by the conference Tuesday morning will be scattered broadcast through the country, with instructions to get the signatures of as many voters as distrust imperialism and forward them to the congressman representing the district.

The committee gave the Chicago members authority to draft a constitution for the national league and to enroll any societies which may ask for membership as an organization in the league.

Against Seating Roberts.

Monmouth, Ill., Oct. 20.—The report of various committees were heard in the state Baptist association Thursday, among the most important being the wheel plan. This is a new feature in the state, the object of which is to systematize the benevolent work among the societies by dividing the territory into five districts. The committee so recommended and the report was adopted. The treasurer's report showed a balance in the treasury of \$821.40, with but few outstanding orders. The committee on resolutions in its report advised that congress be petitioned to unseat Congressman Roberts of Utah.

Kansas Cannot Vote.

Topeka, Kas., Oct. 20.—Much regret is expressed at the realization that the soldiers of the Twentieth Kansas regiment, who will be mustered out in San Francisco Oct. 28, will not reach Kansas in time to vote at the coming county elections. The elections will be held Nov. 8, and in cities of the first and second class voters must be registered ten days before that date.

Railroad May Be Tied Up.

St. Paul, Minn., Oct. 20.—A general strike on the Great Northern has been threatened for some time, and it looks now as if it will occur within a very few days. It will include conductors, engineers, firemen, brakemen and switchmen. The men expect to tie the road up from end to end.

Does Coffee Agree With You?

If not, drink Grain-O—made from pure grains. A lady writes: "The first time I made Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee. It nourishes and builds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer, follow directions in making it and you will have a delicious and healthful table beverage for old and young. 15c and 25c."

MANY STATES REPRESENTED. McLEAN IS NOT A CANDIDATE.

National Convention of the W. C. T. U.

Opens Today at Seattle.

Seattle, Wash., Oct. 20.—When the national executive committee of the W. C. T. U. convened Thursday, preparatory to the opening of the twenty-sixth annual convention and silver anniversary of the order, thirty-two states were represented, with Kansas, Texas, California, Oregon and other delegations yet to arrive. Already over 300 delegates are in the city, and by Sunday it is expected the number will exceed 500.

Indianapolis, Milwaukee, Pittsburg and Washington are in the fight for the convention of 1900, with the hoosiers in the lead, this delegation being hard workers and the largest attending the convention.

Report of General Wade.

Washington, Oct. 20.—The annual report of Brig.-Gen. James F. Wade, commanding the department of Dakota, was made public today. Gen. Wade says that of the three posts and one camp occupied all are in very fair condition, with the exception of Fort Meade, which is insanitary and has reached a point where it is a question of reconstruction or abandonment. Gen. Wade refers briefly to the Indian troubles at Leech Lake last September and October, and says that in spite of the fact that the detachment engaged in this fight was made up of raw recruits they behaved with commendable gallantry. He says the Indians are still sullen and discontented, but no active trouble is apprehended.

End of Jubilee Missionary Meeting.

Cincinnati, Ohio, Oct. 20.—The business sessions of the jubilee missionary convention of the Christian church concluded Thursday and today will be devoted to farewell receptions and sight-seeing. Of the 12,000 visitors fully 5,000 remain for the closing events. The singing at music hall today was conducted by W. H. Hanna. Miss Rebel Withers led the opening service, and the visiting missionaries were introduced. In an address on "Expansion; Greater America for Christ," Homer T. Wilson strongly advocated the holding of all the new possessions.

Bridge Combine Completed.

Pittsburg, Oct. 20.—It is announced that the bridge combine under the name of the American Bridge company has been completed and will be in operation by the first of next month. The combine includes thirty-five of the thirty-seven plants in the country and is capitalized at \$67,500,000, of which \$33,000,000 is preferred and \$34,500,000 common stock. It will control about 98 per cent of the output of the country. The headquarters will be in New York city.

Want Reciprocity Arrangements.

Washington, Oct. 20.—Reciprocity arrangements are sought by the island of St. Kitts and Nevis, British West Indies. The arrangements so far cover nearly all the British West Indian possessions save those two, and Mr. Tower, the British charge, has taken the initial steps in their behalf.

Finest Troopship Afloat.

Philadelphia, Oct. 20.—The United States transport Thomas, the finest troopship afloat, sailed from Cramps' shipyard today for New York, where she will go into dry dock to be painted. The Thomas is to go to the Philippines early in November, and will carry over 2,000 passengers, including soldiers, officers, nurses and crews.

Mine Safe Blown by Robbers.

Vancouver, B. C., Oct. 20.—An Ashcroft, B. C., report states that there was a big robbery last night at the Cariboo mine, near Quesselle Forks. The safe in the Cariboo Hydraulic company's office was blown open and part of the amalgam, worth \$50,000, stolen.

Post for General Henry.

Epidemic of Typhoid Fever.

Hyamora, Ill., Oct. 20.—An epidemic of typhoid fever is raging at Genoa. One death has been reported.

Ohio Man Shows He Is Not Seeking the Presidential Nomination.

Defiance, Ohio, Oct. 20.—John R. McLean, standing on the platform with Col. William J. Bryan, told the democrats of western Ohio that Bryan, "the man who was nominated in 1896," would certainly be nominated in 1900. He said this first in Greenville, the first stop made by the Bryan-McLean aggregation. He repeated it at Celina, St. Mary's, Van Wert, Paulding and Defiance. At each place he delivered the Ohio delegation to the next democratic national campaign to Mr. Bryan and removed himself as a rival candidate for the presidential nomination.

Mr. Bryan accepted the declarations of loyalty and pledges of support as a matter of course. He reciprocated by vouching for the genuineness of Mr. McLean's democracy. "A vote for McLean," said Mr. Bryan, "is a vote for the Chicago platform and the principles it represents. Give McLean a larger vote than you gave me in 1896 and you will be happy."

For Improving the Ohio.

Louisville, Ky., Oct. 20.—The most important business before the Ohio Valley Improvement association here Thursday was the adoption of the following resolutions: That congress be urged to appropriate a sufficient amount to insure immediate improvement of the Ohio river to its mouth at Cairo; that the improvement of the Ohio between Pittsburg and Marietta be pushed; that congress prevent encroachments on the channel of the Ohio which may render navigation difficult and dangerous; improvement of the Mississippi river at its mouth; immediate construction of locks and movable dams at and near Gallipolis, Ohio; ownership by the United States of an isthmian canal; the building of a dam just below Cincinnati, and a standing appropriation by congress of \$75,000 annually for dredging the Ohio.

United States the Big Rival.

Berlin, Oct. 20.—In the future, still more than in the present, Germans see in the United States this country's great commercial rival. The German press expresses gratification at the reception accorded the delegates from this country at the Philadelphia export exposition, but at the same time it recognizes the fact that the gentle host is a stern competitor. "In the twentieth century," says the Neueste Nachrichten, "the United States will have become Germany's most formidable rival in the markets of the world."

Is Declared to Be a Trust.

Springfield, Ill., Oct. 20.—In deciding the suit of George F. Handling and others against the American Glucose company of Peoria, the Supreme court declared that concern a trust and its charter in violation of the anti-trust laws of Illinois of 1891 and 1892, and therefore, void.

Illinois Presbyterian Synod.

Joliet, Ill., Oct. 20.—The Presbyterian synod closed its two days' session Thursday night with a public meeting that was largely attended. The synod adopted a resolution attacking the administration for upholding the army and navy system.

From Mrs. Vaughn to Mrs. Pinkham.

LETTER TO MRS. PINKHAM NO. 64,587

"DEAR FRIEND—Two years ago I had child-bed fever and womb trouble in its worst form. For eight months after birth of babe I was not able to sit up. Doctors treated me, but with no help. I had bearing-down pains, burning in stomach, kidney and bladder trouble and my back was so stiff and sore, the right ovary was badly affected and everything I ate distressed me, and there was a bad discharge.

I was confined to my bed when I wrote to you for advice and followed your directions faithfully, taking Lydia E. Pinkham's Vegetable Compound, Liver Pills and using the Wash, and am now able to do the most of my housework. I believe I should have died if I had not been for your Compound. I hope this letter may be the result of benefitting some other suffering woman. I recommend your Compound to every one."—MRS. MARY VAUGHN, TRIMBLE, PULASKI CO., KY.

Many of these sick women whose letters we print were utterly discouraged and life was a burden to them when they wrote to Lynn, Mass., to Mrs. Pinkham, and without charge of any kind received advice that made them strong, useful women again.

GERMANS AND EXPANSION

Perhaps, as has been stated, the Milwaukee Germans are opposed to expansion, but there was nothing to indicate the fact on the occasion of President McKinley's visit. On the contrary there were many evidences that the Germans were in favor of the president's policy. For instance, a Chicago democratic paper sent a man to the Cream city, with instructions to note any indication of dissatisfaction among the people during the banquet. The man was compelled to report that there was no dissatisfaction shown.

On the other hand, as the procession passed the home of B. Leidersdorf, a prominent German business man, it was noted that in front of the residence was a large portrait of the president, framed in bunting, and bearing the inscription:

LONG LIVE OUR NEW POSSESSIONS.
GERMAN VOTE IS ALL RIGHT.

All the Germans, it seems, are not arrayed against the president, and if any considerable number do not hold his views, they are making very little noise.

In this vicinity the Germans are standing by both the American flag and the republican principles. There may be individual exceptions, but the rule holds good by a large majority.

Madison Journal—Gov. Scofield has been making most excellent speeches of late and at the presidential banquet his response to "The State of Wisconsin" was in his best style and spirit. In it was not the remotest intimation of any lack of sympathy with the status quo unless hair-splitters think his closing sentence debatable—"The people of the state are conservative, and patriotism and love of home lie deep in their hearts, but whatever affects the welfare of their country profoundly stir them."

When President Earling, of the St. Paul road passed through Milton Junction in a private car attached to a special train, a flood of memories must have come to him. When he was the operator at the station some years ago, \$40 a month was more money to him than his present salary is now.

The anti-imperialists demand "justice for Aguinaldo." So does everyone else, but opinions differ as to what particular form justice will assume. The general sentiment, however, is that the man who kills American soldiers is entitled to a liberal allowance of cold lead.

The charter is the charter, gentlemen of the common council. If you allow it to be violated, you place yourselves in the same boat as the man who does the violating. Fish cannot be flesh. "Choose ye this day whom ye will serve."

The Chicago train robbers are still at large, and it is not likely that they will be caught. There seems to be so safeguards against such robberies, and the thieves generally have everything in their favor.

The arguments of the democratic anti-imperialists would carry much more weight if it were not generally known that they invariably talk that way about any principle that happens to be republican.

The fact that the captain of the cruiser Detroit made the Venezuelans too, the mark is also said to have caused a deep blush of shame to mantle the jowls of Billy Mason.

The "repairs" now being made on Fourth avenue would remind one of the old gentleman's rifle, which only needed a new stock, lock, and barrel.

Uncle Sam isn't buying anything that he can get for nothing these days, and he won't buy the Filipino chieftains. He'll just reach out and take them.

And Janesville, "eventually," may also become the Chicago of Wisconsin, but just at present real estate will sell for the same standard price.

A dispatch announces that a good roads convention was "held in Osh-

kosh." Of course. Nothing ever stays in Oshkosh if it can get away.

General Pilar seems to place a high value on Aguinaldo. The latter isn't worth \$500,000 to his Uncle Sam.

Aguinaldo has everything running along smoothly again.

Expedition Well Equipped

Manila, Oct. 20.—General Lawton is supposed to have reached San Isidro. No communication has been received from him since he left Arayat yesterday morning.

General Lawton and General Young this morning started for Arayat with a force of nearly 3,000 men. The gunboats Florida and Oeste accompanied the expedition along the river in the direction of San Isidro, which will be held as a base of operations to the north.

Extensive operations have been in progress for several days and the expedition, whose objective is Tarlac, is expected to make rapid progress. The supplies will be taken on caissons.

General Lawton's force consists of eight companies of the Twenty-fourth infantry, under Colonel Keller; eight companies of the Twenty-second infantry, under Major Baldwin; nine troops of the Fourth cavalry, mounted, under Colonel Hayes, and a mixed regiment, consisting of one company of the Thirty-seventh infantry, six guns, commanded by Captain Scott; one company of cavalry and Captain Batson's Macabebes scouts.

The Third cavalry is equipping at San Fernando to join the expedition.

Heavy rains, the first in weeks, began last night and have continued steadily.

America Cup Won By The Columbia.

Unanimous for a Strike.

St. Louis, Mo., Oct. 20.—The telegraph operators and train dispatchers of the Big Four railroad system have voted to strike. The balloting showed an almost unanimous sentiment in favor of the strike. The action of the order will now be referred to the federated board of the chief executives of four of the railroad brotherhoods—the Telegraphers, Trainmen, Firemen and Conductors. The strike must be approved by them before it can be ordered.

Dowlettes Blamed for Death.

Valparaiso, Ind., Oct. 20.—Mrs. David Smith, Mrs. M. L. Andrus and Mrs. Smackles, prominent residents of this place and enthusiastic followers of the Dowlie system of divine healing, were held responsible by Coroner Koch for the death of little Henry Erea. The verdict not only censures the women, but recommends that they be arrested and held to await the action of the grand jury.

Agreed to by Britain.

London, Oct. 20.—The British foreign office asserts that the verbal changes in the terms of the Alaska modus vivendi are of no practical importance, and have been readily agreed to; and that it is assumed the United States secretary of state, Col. John Hay, and the British charge d'affaires in Washington will sign today.

May Succeed Cambon.

Paris, Oct. 20.—If M. Cambon, French minister to the United States, goes to Bern as the French representative, as he wishes to do, it is said that Count d'Aubigny, a well-known diplomatist, will succeed him at Washington.

Closing In on Revolutionists.

Lima, Oct. 20.—The government by strategic movement of troops is trying to surround Durand, the head of the revolution. In the meantime bodies of the revolutionists are surrendering under government guarantees.

Tons of Gold in Sight.

Leadville, Colo., Oct. 20.—An excitement equal to any Leadville has ever experienced is now raging in this camp. The phenomenal strike in the Fenrose mine is the all-absorbing topic, and everybody is en qui vive for additional particulars. The interest is intensified by the report made by several mining men who visited the property. There are two drifts running parallel, twenty-five feet apart, for a distance of over 200 feet. Between these two drifts it is figured that there is a solid mass of ore worth not less than \$2,000,000.

May Retire from Samoa.

Chicago, Oct. 20.—It is intimated by influential diplomats that if Germany and Great Britain were able to get together on the Samoan question, the United States would not object to a partition of the islands. This country, it is said, has never sought to establish sovereignty in the group, and its commercial interests there are almost too slight to be considered. It has a clear title to the naval station at Pango-Pango, derived from a treaty with native chiefs, dating back to the tripartite agreement between the three great nations. If his country is given Pango-Pango harbor, which can easily be fortified, it would have little to ask for, and would probably be content to allow Great Britain and Germany to divide up the rest of the group in any way they might agree.

WELCOME BY THE MAYOR

ANNUAL STATE CHRISTIAN EN- DEAVOR CONVENTION.

Opening Session at the Congregational Church—Address of Welcome by Mayor Richardson—Annual Address by Pres. Barber—Appointment of Committees—Program of Session.

(Continued from page 1.)

who treats himself the best is considered the best politician. While the evil effect of this course has been considerable in the past, it must be continually greater in the future, as our governments both local and national grow and broaden and take on new powers, and our office holders continually have put on them new and greater authority. And if this evil is checked it must be by men who have been taught to believe that we should treat our neighbor as ourselves even if we are office holders.

At the present time the tendency in our national affairs is towards a greater centralization, towards the building up of a greater power with which to impress our forms and our ideals on other people beyond our present boundaries, while in our local affairs the tendency is towards self government and the building up of the individual citizen, and in both these developments if we would do good work, if we would build on sure foundations, if we would have governments that are not a curse to the governed, we must not violate the great principles that are at the bottom of all good government. And whether we are dealing with the citizens of our own town or with the citizens of some far off island of the Pacific, we must do unto them, as we would have others do unto us. This principle will doubtless be difficult for us to follow.

Filled with the arrogance that comes with almost unlimited strength and power, we may forget the doctrine of humility, and at such times we will need the warnings and teachings of conservatism to remind us of our principles and our origin; "lest we forget." And it is because we believe that you represent the steady, conservative element in our political life, that we welcome you to this city. We have confidence in your stability, and welcome you both as workers in the cause of your society and in the cause of good citizenship.

Welcome to the Delegates.
Rev. E. H. Pence welcomed the visiting delegates in his characteristic way by quoting the words of Gov. Taylor at the Nashville convention: "As the flowers of the springtime greet the vernal showers; as the persimmon greets the summer sun; as the opossum greets and welcomes the persimmon, and as the old darkey greets and welcomes the persimmon, so we welcome you to Janesville."

The speaker said further: "A few years ago we supposed that Christian manhood and womanhood was largely a matter of weakness, and nothing of strength; but now we are beginning to

see that it is a combination of infinite strength. You are going to leave in our home the impression that the Christian Endeavor manhood and womanhood is of the highest type, a sense of debt and obligation for the encouragement that you will give us, that all the labor of years has not been in vain, and that our fathers and mothers can go away feeling that they can lay upon our shoulders the government as a sacred trust."

A. E. Matheson welcomed the convention to Janesville in behalf of the young people, touching upon the fact that we bore no resentment after having been rejected so many times in our efforts to secure the meeting for our city. He said: "We are glad we did not get it before, because if we had, we would not have had it now. We give to you the freedom of our streets and homes, of our churches and our beautiful, well appointed Y. M. C. A. building. We open to you our hearts, and we ask you to do as much, and thereby confer the greatest privileges and blessings upon us."

Rev. E. G. Updyke of Madison, responded to the addresses of welcome in a very happy manner. In his address he spoke of the fact that some of the most important points in religious life and work had been brought out in the country in which we live; missions and Sunday school work are only a hundred years old, and work among the young people in an organized way had not been thought of a few years ago. We wonder how the work of the church went on and succeeded as much as it did, when the young people as a factor in it were so much ignored. Now the hope of the church is in the young, and in training them for Christian work, and that is what the Christian Endeavor society is doing. The Christian Endeavor society, wherever it meets in any community, will bring a blessing with it, because it represents the training of the young in the service of the church tomorrow.

President Barber's Annual Address
State President F. R. Barber's address came after a season of meditation and prayer, led by A. G. Leffingwell of Appleton. Mr. Barber said in part:

President Barber's Annual Address
State President F. R. Barber's address came after a season of meditation and prayer, led by A. G. Leffingwell of Appleton. Mr. Barber said in part:

"We want something else besides enthusiasm; it may evaporate, but we want something that shall go into our daily lives and become a part of us, and enable us to build up character. It has been said that at the last day there shall be just two things left in the universe, character and ashes. It is in our daily lives that we build characters, not in conventions. We must take a step a day, not once a year. Like the pyramids, character is simply a gigantic flight of steps, by which we ascend to the top." Mr. Barber endorsed Mr. Updyke's sentiments in the suggestion to the Young People's Christian Endeavor Society to use the whole name. In closing, the president spoke of some of the limitations of the state work, in the failure of those whose duty it is to keep in touch with the General Secretary and the Chairman of the Correspondence Committee, and exhorted all when they had a duty to perform, to do it at once. To take for the motto the coming year, this, "Do the Duty That Lies Nearest You."

Committees Are Named
After a vocal solo by Miss Grace Wright, came the appointment of committees. The nominating committee is not yet appointed, but Mr. Pence was named by the president as chairman of that committee.

Business committee, consists of H. J. Cunningham, chairman, Miss Pinham of Fond du Lac, and Miss Watkins, Lancaster.

Committee on resolutions, Fred Terry, Milwaukee; C. A. Plank, Beaver Dam, and Nettie Hale, Neenah.

Committee to prepare the greetings to the Illinois state convention now in session at Rockford—Rev. Walter Johnson, Miss Drew of Milwaukee, and Mrs. Smith of Eau Claire.

Committee to carry the greetings—A. G. Leffingwell of Appleton, and Miss Sara Mason of Eau Claire.

Denominational rallies for all the different denominations were given out for 3 p. m., and the junior conference was held in the Junior room in the Congregational church, instead of in the Baptist church, as was first planned.

Opening Proceedings Last Night

The convention was formally opened in the auditorium of the Congregational church last evening, and there was not standing room left. John M. Whitehead, the first state president of the Wisconsin Endeavor Society, presided, and the Congregational church choir led in the singing. Rev. B. F. Martin read the scripture lesson and Rev. W. A. Hall led in prayer. The Rev. Dr. J. Wilbur Chapman of New York, delivered a magnetic address on the text, "Pentecost Repeated."

At the close of his address National Secretary John Willis Baer of Boston, led in prayer, and Dr. Chapman pronounced the benediction.

HIRED MAN SUES CEMETERY SEXTON

ROBERT SCOTT AND WIFE THE DEFENDANTS.

William Russell Alleges That He Has Money Due Him That He Can't Collect—Others Say That Russell Did Not Live Up to His Contract—Had a Lively Time in Court.

In the municipal court this afternoon, was held the case of William Russell vs. Robert Scott and wife. The plaintiff brings suit for the collection of \$138 in wages that he alleges the defendants owe him for services rendered as hired man on their farm.

Mr. Scott is sexton at Oak Hill cemetery and is a man held in the highest esteem by all. When the case was called this afternoon Justice M. P. Richardson presided and a jury of six heard the evidence. Mr. Russell alleges that after working on the Scott farm six months and two weeks he became discontented and wanted to move into the city. When he notified Mr. and Mrs. Scott that he intended leaving he was informed that he was not living up to his part of the contract, which was to the effect that he, Russell, should work on the farm from March 1, 1899, until March 1, 1900. The defendants allege that for this year's work Russell was to receive \$240 but that when the hardest part of the whole year's work came around he left. That was in September last.

The defendants now claim that Russell has not as much money coming to him as he claims, for the reason that he did not live up to the contract. Several witnesses were examined this afternoon and the case promises to be a warmly contested one. Mahoney & Ryan appeared in behalf of the plaintiff and E. D. McGowan for the defendants.

THEY ATTEND FRED SHER- WOOD'S FUNERAL.

Florence Camp No. 366 Sent a Delegation of Sixteen Members—Demise of Philip Palmer This Morning—Funeral of the Late Mrs. Simon Simmons.

Sixteen members of Florence Camp No. 366 Modern Woodmen of America, were in Beloit this afternoon to attend the funeral of the late Fred C. Sherwood, a member of the local order.

Those who went were: P. S. Fenton, M. P. Birmingham, George Jones, John Aker, John Tuckwood, C. H. Kueck, H. S. Haunum, A. J. Dayton, Oscar Mahie, W. L. Stoddard, R. G. Merrill, C. W. Brooks, Edson Baker, G. H. Webster, L. B. Canniff, Charles Ward.

Services over the remains were held from the Beloit church at 2 o'clock and were largely attended. The floral offerings were many and beautiful and included handsome pieces from Florence camp.

Members of the Modern Woodmen had charge of the services and the interment was in the cemetery at Beloit.

Philip Palmer
At 6 o'clock this morning the death angel invaded the North Jackson street home of Mr. and Mrs. W. P. Palmer claiming as its victim their ten year old son, Philip. A year ago Philip was taken ill with a severe cold and ever since he has been in poor health. A week ago his condition grew serious and at times he found it impossible to speak on account of lung and throat trouble. Philip was an exceptionally bright child and was an attendant at the Washington school, where he was well advanced for one of his years. By his death the bereaved parents, a brother and a sister have the sympathy of many in their hour of sorrow. Funeral services will in all probability be held Sunday and the interment will be in Oak Hill cemetery.

Mrs. Sherwood Simmons
The funeral of the late Mrs. Simeon Simmons was held from the residence of the mother of the deceased, Mrs. Cordelia Davis, 157 North Bluff street, this afternoon at 1 o'clock. Rev. E. H. Pence, of the Presbyterian church, officiated, and the interment was in Mount Pleasant cemetery in the town of Janesville.

MARQUISSEE SHIPS SIXTEEN CARS LEAF

EIGHT HUNDRED CASES SOLD BY LOCAL FIRM.

Consignment Has Left For the East in One Shipment—Orfordville Growers Ship a Car of This Year's Tobacco to Sutter Bros.—Other Leaf Notes—Tobacco Prices Going Up.

Julius Marquissee, whose best leaf tobacco headquarters are located in the Woodruff building on North Franklin street, has made the sale of eight hundred cases of leaf tobacco to eastern parties. The shipment left the city in one lot comprising sixteen cars.

Since establishing a warehouse in Janesville Mr. Marquissee has done considerable buying through local agents and the coming winter's season promises to be a most busy one.

A car of '99 crop was received from growers in the Orfordville section this week by Sutter Bros. This is the earliest receiving of Wisconsin tobacco on record. They were early crops taken down a week ago and immediately stripped and delivered.

MICKEY FINN ON FISHING.

A Few Walrus-like Remarks From an Experienced Angler.

"Speakin' o' fishin," said Rafferty, "give me the fish that feed on the bottom. To hook an old tin paint pail full o' mud and clam shells and seaweed is almost as much fun as listenin' to a Dutch band play 'Gotteddammerung'."

"When you are fishin for paint pails always try to hook them by the handle. That will give the pail a good chance to monkey wld the tide when you start it from its sulky position on the bottom."

"Paint pails are bottom fish. 'Tis not like the bluefish, bekase it never makes flyin jumps in the air, but 'tis a gamy old sea dog for all that. 'Twill fight for every inch o' line. There never was a man that hooked a paint pail but thought he had a codfish weighin 15 pounds. 'Codfish are just about as gamy as paint pails."

"When you have the paint pail reeled in, it's all the same whether you use a landing net or a gaff hook. When you have it in the boat, you can call on your imagination and think 'tis a lobster, which it will be, like the Dutch woman kept the hotel out west."

"But paint pails are not the only things that feed on the bottom. There's the old boot. There was a time when Irishmen used to wear boots, but not now. The only place you will find 'em is in your favorite fishin spot. The old boot is a godsend to little eels to hide in. An eel as long as a lead pencil will carry your bait into the boot leg."

"You think you have a bite, and you hook the boot leg through the strap. That's what straps are put there for. There is no danger of the hook tearin out, and the old boot will not spit out the bait, but you must handle the boot leg gently, bekase gentlest fishermen is always more successful. The old boot leg will lay quiet in the boat, but if he should get frisky you can drop the anchor on him."

"But if you want real fun fish for toadfish. He has jaws like a rat trap and skin like sole leather. You had better take a vise and a cold chisel along to get the hook out of his mouth, for he will close on a piece of crab like a safe door on a sore finger."

"But what a devil's grin the toadfish wears when you cut off about a yard of leader at a quarter a foot and throw fish and leader overboard bekase you are afraid to touch the thafe!"—Mickey Finn in New York World.

His Modest Request.

"I am your friend," said the doctor to the sick citizen, "and I must not deceive you." You have only two hours to live."

"Only two hours?"

"Only two."

"An you say you are my friend, doctor?"

"I am—I am."

"Then do me one last favor."

"Name it."
